Summer Holiday Homework

INSTRUCTIONS FOR PARENTS:

Summer Vacations are here. A few vital suggestions are listed below to make the vacations more exciting and fruitful than ever before:

Keep at least half an hour a day for sharing experiences with your child.

Encourage your child to speak in English. Fix one hour in a day when you communicate with your child only in English.

Tell your child different stories regularly and encourage them to describe what they would do in a similar situation. Here are few suggested titles which you can read with your child:

- Hare and the Tortoise
- Emperor's New Clothes
- Thumbelina

Let your child colour, draw, and paint.

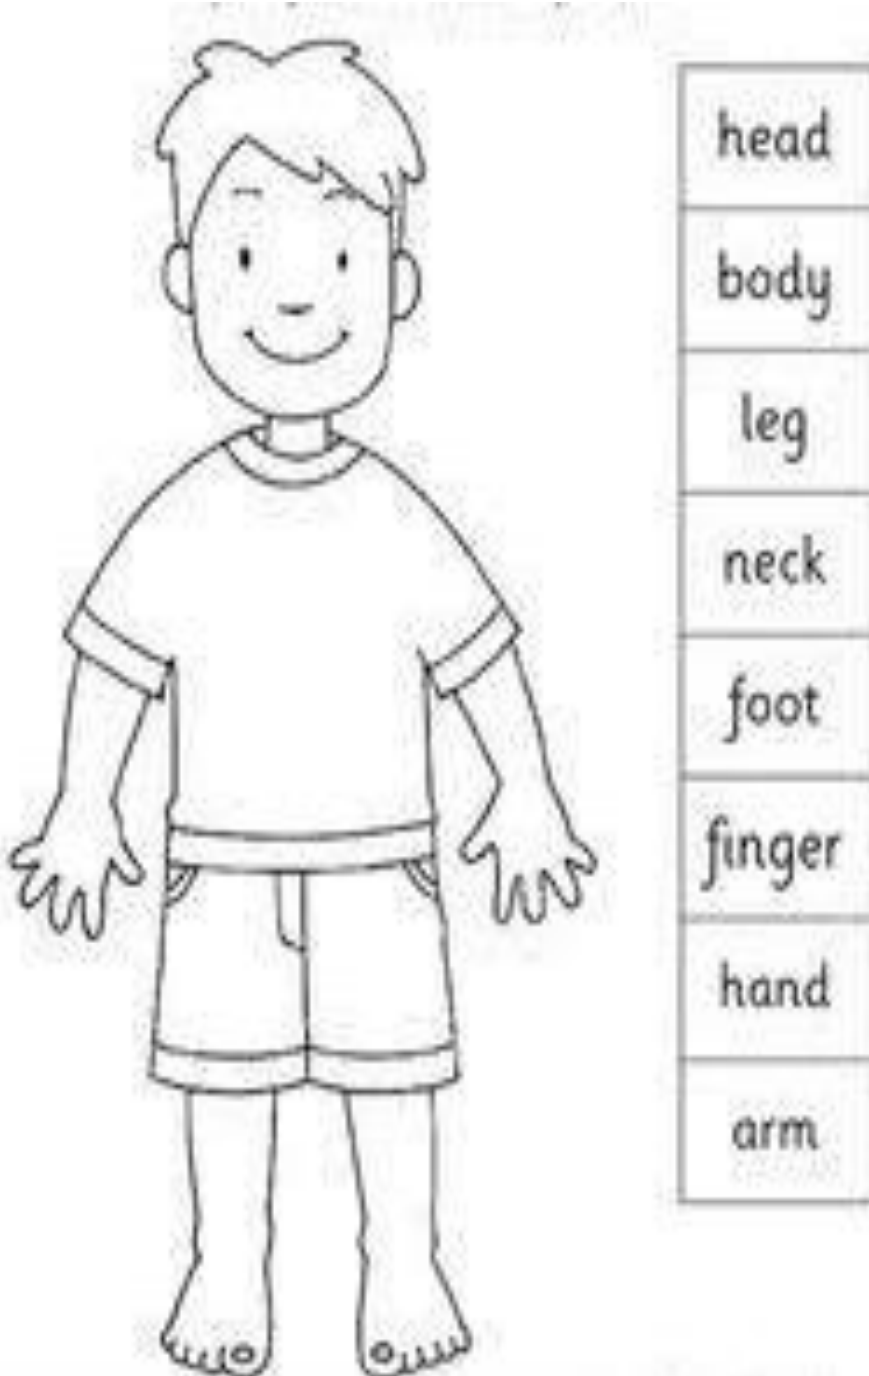

Restrict their television watching, confining it to interesting children programs, cartoon films, Discovery channel etc.

To improve the formation of letters, make your child write alphabets every day.

Develop self-help skills:

- Let your child dress and feed on their own.
- Make them understand the importance of cleaning their room and putting away toys and belongings after use.

Match the body parts with their names.

Match the given objects.

Match the fruits.

Match colour of vegetables and fruits with their name.
